Dear Families,

We hope you are enjoying term 3 as much as we are! Kindergarten children have been working on their independence and self-help skills during before school care this term. Our team are no longer taking children to their classroom in the morning to prepare them for the coming year. During Term 4 educators will no longer collect children and they will need to make their way to the hall, the children have been doing a fabulous job in the morning so far, taking themselves to their classroom and putting their belongings away. We hope that over the next 2 terms it is an easy transition to year 1 for all our kindergarten children.

Thank you for your ongoing cooperation with casual bookings, most families are using my family lounge app to book on a casual basis. Please note we still require written notice for absences, you can also do this via the app or email, unfortunately we do not accept text messages.

We have started our Health and Wellbeing program for Term 3 and the children are enjoying Dance on Tuesday and Touch Football on Thursdays. All children are encouraged to participate and learn or develop a skill. It has been lots of fun watching the children enjoy themselves during the program so far.

From the Manly Vale OSHC Team
