~ CHALLENGE ~

SOLUTION

36 cm

24 cm

Make a diagram of the sheet showing one 2cm strip. Notice that there are twelve 2cm by 3cm pieces in the 2cm strip. Since there are 12 strips of 2cm in 24cm, there are 12 x 12 = 144 x 2cm by 3cm pieces in the 24cm by 36cm rectangle.
